Dear Angie,

I just wanted to drop you a line and congratulate you on your new endeavor. I also wanted to mention to you that our experience with you has been very rewarding. You have always been very responsive to our requests for help, even when you have been home with your children or even on vacation; you have always at least returned my calls.

If you will recall I came to you in need of a website for Executive Link, LLC and you took my ideas and turned them into reality. You gave our site a very professional look and I have gotten numerous comments on what a good looking site it is. You have always been someone that I could rely on when I needed answers either about the web site or the Executive-Link product itself. Your technical writing support and attention to detail has been refreshing and greatly appreciated in the work that you have done for us.

I wish you great success in your future plans and I would be happy to tell anyone how impressed I have been in working with you and the quality of your work.

Please feel free to call on me if I can help you in any way.

Best regards,

Chuck Carey
